

PROBATE SERVICES FIXED FEES FOR GRANT ONLY APPLICATIONS

This is a service for clients who need to obtain a UK Grant of Representation (Probate or Letters of Administration). It is ideal if you are administering an estate personally because it is very straightforward and / or of low value. It is also useful for UK residents not wishing to take time off work to fill in all of the official personal application forms and attend the compulsory interview at the Probate Registry or Probate Office. There is also a saving to be made, as the Probate Court Fees are £40.00 plus £1.00 for each sealed copy of the Grant where the application is made through a Solicitor, but rise to £90.00 where the application is made in person.
